Overview

"Juna's Jar" tells the story of Juna, a young girl, who loves to go on adventures in the park and collect things to put in her empty kimchi jars with her best friend Hector. But one day, Hector moves away and Juna is left to wonder who will play with her from now on.

She begins to meet new friends wherever she goes to find more elements to fill her kimchi jars with. And when she sleeps, every discovery fuels her imaginary quests across different lands and oceans to find Hector.

Along her journey, Juna discovers that adventure and new friendships can be found in the most unexpected places, teaching her about resilience and the joy of connecting with others.
