The house is a mess and an unexpected visitor calls to stop by!

The family is in panic, mom goes to buy a cake and dad has the mission to hand off cleaning duties to the kids.

However, the kids do not want to partake in this last minute task so dad has to be creative to make it fun for all!

A book to teach that chores can be seen in a positive way if done with loved ones and should be seen as a proof of trust and responsibility.
