Overview

The Grrrs don't agree on much but they do agree about not being happy. Everything is either too much or not enough, but never the way they like.

This story's format introduces speech bubbles and as such, acts as an introduction to the world of comics.

Furthermore, the Grrr learn how to deal with their frustrations and look at situations from a more positive perspective. By working together, they remind children about the importance of managing emotions and seeing the brighter side of life.
