When Cricket goes for a walk, he finds Ladybug searching for something in her garden. She's lost one of her spots! Since Cricket doesn't have any spots, he doesn't think they're important. Bee has a problem too: her wing is all tangled up! Spider is running low on silk and Centipede doesn't have enough shoes... But Cricket doesn't think any of those things are that important. But what will Cricket do when he faces a problem?

A great book to teach mindfulness, empathy and acts of kindness.
